Subject: URGENT: DR PARTHA CHATTERJEE'S HEALTH

Dear Mr Ishibashie,

This is an URGENT message to let you know that the CSSSC has informed me that Professor Partha Chatterjee is very unwell and is in hospital.

He is currently undergoing multiple tests but no diagnosis has been made as yet.

Dr Tapati Guha Thakurta spoke with me late on Wednesday evening after a visit to the hospital to say that at this stage there is no certainty that Professor Chatterjee will be fit enough by Tuesday, July 28, to attend the function. Naturally, both CSSSC and I wanted to let you know the situation at the earliest so that you can decide what course of action you would want to pursue regarding the function.

Please let us know at the earliest what you decide - and please ensure that you copy the messages to the CSSSC

Awaiting your response.

Regards,  
Arundhati Ray
